APR 14 2016

JEFFERSON CO. CLERK, WI
JEFFERSON COUNTY FINANCE

TO: Wisconsin County Board Chairs
FROM: Mark D. O'Connell, Executive Director
DATE: April 12, 2016
SUBJECT: 2016 WCA Membership Survey

This year, the Wisconsin Counties Association (WCA) will conduct the 2016 WCA Membership Survey – a census-like, paper survey that will be conducted every two years after the spring elections. This survey is an effort to anonymously establish demographic information of Wisconsin's county board supervisors on an ongoing basis. It is our hope that with this data, WCA will be positioned to more effectively communicate and respond to the needs of the association's members.

The 2016 survey will be distributed at the upcoming county organizational meeting with the help of the county clerks. I am writing to request that you encourage participation in the survey, as well as emphasize the anonymity of this survey when it is distributed. Please assure the county board that there is no way the data received can be connected to a specific individual.

The county clerks have received these surveys and have graciously agreed to help in distributing, collecting, and sending them back to the association. WCA will then scan the data into a secure database.

WCA's intention is to receive 100% survey participation; however, there will be those who refuse to take the survey even if it is anonymous. Again, please encourage your county's board of supervisors to participate. Accurate, reliable data from the results will provide us with a sound foundation in communicating to the members into the future.

Thank you so much for your help.

RESOLUTION NO. 2016-____

Create a full-time Behavioral Health Specialist (Psychotherapist) position and a full-time Comprehensive Community Services Facilitator position at Human Services

Executive Summary

Jefferson County Human Services has experienced a significant increase in the number of citizens struggling with opiate/heroin addictions. **It is not uncommon for Human Services to receive 5 – 10 requests for opiate treatment in ONE DAY and for individuals to wait over one month to receive treatment.** Over the last seven years, the total number of consumers seen for Mental Health treatment, including alcohol and drug abuse, nearly doubled, from 540 individuals in 2008 to 1,111 individuals in 2015. This only captures the increase in required psychotherapy treatment and does not reflect the increase in need for rehabilitative services.

To help combat the growing opiate/heroin epidemic, the Human Services Director, with the support of the Human Services Board and the County Administrator, is requesting the creation of a full-time Behavioral Health Specialist/Psychotherapist (BHS) position and a full-time Comprehensive Community Services Facilitator (CCS) position. The BHS position will address the increased need for psychotherapy treatment services and the CCS position will provide wraparound and rehabilitative services. The CCS position will be fully funded through Federal and State Medicaid funding and the BHS position will be partially funded through billable services. Any additional funding needed for the BHS position will be obtained by transferring funds from the State Mental Health Institutes account. Over the last three years, Human Services has experienced a significant savings in this area. Furthermore, there is a \$165,295 surplus in this account for the first quarter of 2016.

On May 4, 2016, the Human Resources Committee reviewed the request from the Human Services Director and is recommending the creation of one full-time Behavioral Health Specialist (Psychotherapist) position and the creation of one full-time Comprehensive Community Services Facilitator position at Human Services.

WHEREAS, with the significant increase in citizens struggling with opiate/heroin addictions in Jefferson County, current staffing levels at Human Services cannot effectively address the services needed, and

WHEREAS, to meet this need for Jefferson County citizens, the Human Services Director, Human Services Board and County Administrator request, and the Human Resources Committee recommends, creation of one full-time Behavioral Health Specialist (Psychotherapist) position and the creation of one full-time Comprehensive Community Services Facilitator position at the Human Services Department.

NOW, THEREFORE, BE IT RESOLVED that the 2016 County Budget setting forth position allocations and funding at the Human Services Department be and is hereby amended to create one full-time Behavioral Health Specialist (Psychotherapist) position and create one full-

time Comprehensive Community Services Facilitator position at the Human Services Department, to become effective upon passage.

Fiscal Note: The Comprehensive Community Services Facilitator position is budgeted for \$79,100 annually (\$39,550 for the remainder of 2016) and is fully funded by Federal and State Medicaid dollars; therefore, no tax levy is required for this position. The Behavioral Health Specialist (Psychotherapist) position is budgeted for \$83,800 annually for salary and fringe benefits (\$41,900 for the remainder of 2016 for salary and benefits) and will receive \$18,650 from third-party billing in 2016. The remaining \$23,250 will be transferred from the State Mental Health Institutes account; therefore no tax-levy is required for this position in 2016. This is a budget amendment. County Board approval requires a two-thirds vote of the entire membership of the County Board (20 votes of the 30 member County Board).

RESOLUTION NO. 2016-_____

Create a full-time Group Home Worker position and eliminate two part-time Group Home Worker positions at Human Services

Executive Summary

Jefferson County Human Services operates the Lueder Haus, an acute care facility that serves chronic, mentally ill adults who are in immediate crisis but not in need of hospitalization. Individuals with chronic illness typically need good continuity of care and stability to achieve and maintain desired outcomes. With only one supervisor, four full-time Group Home Workers and two part-time Group Home Workers to provide coverage on a 24/7 basis, consistency becomes even more crucial. Unfortunately, there continues to be a high-level of turnover in the non-benefited, part-time positions, hindering the ability to provide this stability and results in a high-level of overtime.

The Human Services Director, with the support of the Human Services Board and the County Administrator, is requesting the elimination of two part-time Group Home Worker positions (one of which is currently vacant) and the creation of one full-time Group Home Worker position. Funding needed for the full-time Group Home Worker position will be obtained by transferring funds from the State Mental Health Institutes account. Over the last three years, Human Services has experienced a significant savings in this area. Furthermore, there is a \$165,295 surplus in this account for the first quarter of 2016.

On May 4, 2016, the Human Resources Committee reviewed the request from the Human Services Director and is recommending the creation of one full-time Group Home Worker position and the elimination of one vacant and one occupied part-time Group Home Worker positions at Human Services.

WHEREAS, the constant turnover in part-time Group Home Worker positions at the Lueder Haus creates a situation that hinders the ability to provide necessary stability to the clients and results in significant overtime costs, and

WHEREAS, to better meet the needs of Lueder Haus clients, the Human Services Director requests, and the Human Resources Committee recommends, creation of one full-time Group Home Worker position and the elimination of two part-time Group Home Worker positions, of which one is currently vacant.

RESOLUTION NO. 2016-_____

Creating a Business Relations and Marketing Manager Position for the Economic Development Consortium

Executive Summary

The Jefferson County Economic Development Consortium (JCEDC) has been reviewing the process by which it provides services to the County and the greater region. Over the course of the last six months, it has been determined that the organization needs to transform and become in line with best management practices, which includes greater engagement with the private sector.

As part of this review, discussions were conducted with the Watertown Economic Development Organization (WEDO) to determine if both organizations could collaborate at a greater level. After an analysis by the WEDO leadership, it was agreed that there is an opportunity to look beyond enhanced collaboration at this time with the JCEDC evolving its organizational structure and focus. Both parties engaged in a process to decide if a merger of the two organizations made business sense when looking at the long-term needs of both entities and the region. Based on this review, it was found a merger would reduce duplication of services, allow economic development functions to be done in a cost effective manner, and enhance services provided to communities and the private sector.

As part of the proposed merger of the organizations, all employees of both entities will work under the umbrella of the JCEDC and, based on the Intergovernmental Agreement that formed the JCEDC, staff will be employees of the County. This will be a phased merger. The first phase includes the transition of the Business Relations and Marketing Manager to the JCEDC around June 1, 2016. WEDO will provide \$60,000 as part of the proposed Memorandum of Understanding (MOU) to support costs for this position transition. The remaining position, the Associate Director of Business Development, will transition from WEDO to JCEDC as part of the 2017 budget process. After 2016, these two positions will be funded as result of the capital campaign that will be completed by the end of 2016.

The JCEDC approved the merger on April 28th. The MOU will be reviewed and voted on by the WEDO Board of Directors by May 13th, 2016.

On May 4, 2016, the Human Resources Committee reviewed the request from the JCEDC Board and Executive Director and is recommending the creation of one full-time Business Relations and Marketing Manager position, contingent on approval by the WEDO Board of Directors of the merger between JCEDC and WEDO.

WHEREAS, there has been significant requests by area business and community leaders to enhance or expand in the following three primary areas as called for in the strategic initiative: Workforce, attracting, developing and aligning talent; Businesses, growing businesses, jobs and capital investments; and Marketing, driving communication and tourism, and

WHEREAS, to provide the best economic development services possible that are financially sustainable, the Jefferson County Economic Development Consortium (JCEDC) Board of Directors and leadership of the Watertown Economic Development Organization (WEDO) Board are recommending to merge the organizations under the JCEDC and maximize the benefit to the County, the City of Watertown and the region as a whole.

NOW, THEREFORE, BE IT RESOLVED that the 2016 County Budget setting forth position allocations and funding in the JCEDC be and is hereby amended to create one exempt, full-time, Business Relations and Marketing Manager position, to become effective upon passage.

Fiscal Note: The Business Relations and Marketing Manager position is budgeted at \$45,700 for salaries and benefits the remainder of 2016 and will be funded through a contribution of \$60,000 by WEDO with the remaining \$8,000 utilized for professional services and \$6,300 for other operating expenses; therefore, no tax levy is required for this position in 2016. It is anticipated that the capital campaign will enable the sustainability of this position in future years. This is a budget amendment. County Board approval requires a two-thirds vote of the entire membership of the County Board (20 votes of the 30 member County Board). This position allocation is contingent upon all terms of the memorandum of understanding between JCEDC and WEDO being fully executed, including satisfactory results of the capital campaign feasibility study

RESOLUTION NO. 2016-___

Digital Parcel Map ImprovementExecutive Summary

Digital parcel maps delineating land ownership are a key component of the Jefferson County Geographic Information System (GIS). This information is used by the general public and real estate professionals including assessors, appraisers, title searchers, land surveyors and attorneys along with local, state and federal officials. The digital parcel maps for the rural areas of Jefferson County were automated in the early nineteen nineties by digitizing hand drawn maps and transforming the coordinate data to the Public Land Survey System grid. These digital parcel maps have served the County well for the past 20 plus years. However, the digitizing and transforming process resulted in some horizontal positional inaccuracies that are evident when overlaying the digital parcel lines over orthophotography. This improvement project will utilize property surveys, orthophotography and other survey data to increase the accuracy of the County's digital parcel maps for 6,779 parcels in 4 towns. The remaining 16,000 rural parcels are planned for improvements in future years as funding becomes available.

WHEREAS, a request for proposals to provide digital parcel mapping service was published on March 29, 2016, and

WHEREAS, six proposals were received to provide digital parcel mapping services to Jefferson County, and

WHEREAS, the responses to the County's Request for Proposals are as follows:

<u>Company</u>	<u>City, State</u>	<u>Cost Per Parcel</u>
Pro-West & Associates	Walker, Minnesota	\$ 8.85
Point North Inc.	Hayward, Wisconsin	\$13.00
Arcbridge Consulting and Training, Inc	Herndon, Virginia	\$13.12
Greaf	Milwaukee, Wisconsin	\$14.26
BruceHarris & Associates	Batavia, Illinois	\$14.39
MSA	Baraboo, Wisconsin	\$15.27

WHEREAS, the Planning and Zoning Committee recommends that Pro-West and Associates out of Walker, Minnesota, be awarded the parcel map improvement project as the lowest responsible bidder.

NOW, THEREFORE, BE IT RESOLVED that the Jefferson County Board of Supervisors does hereby authorize the Land Information Office to contract with Pro-West and Associates of Walker, Minnesota, as the lowest responsible bidder, for parcel mapping services at a cost of \$8.85 per parcel for a total project cost of \$59,994.15.

Fiscal Note: The project is funded in the 2016 budget account 1303.521219 through a Wisconsin Land Information Program Strategic Initiative Grant of \$50,000 and non- tax levy Land Information Program retained fees of \$9,994.15.
