

RESOLUTION NO. 2014-_____

Approval of bids for security surveillance system

Executive Summary

Included in the 2014 Budget under Central Services was a total of \$48,000 for the Security Camera Project which included the replacement of existing cameras and added new cameras to the Courthouse Facility. This project has been discussed over the course of the past two years through the Courthouse Security & Facilities Committee as part of the review of the security improvements for the Courthouse Facility. New cameras would replace cameras in the interior of the Courthouse as well as courtrooms. In addition, new cameras would be added for exterior coverage of hallways within the Courthouse. The new security camera system will be an integrated Internet Protocol (IP) based system which will have the capability to expand easily with operations in the Sheriff's department. A Request for Proposal (RFP) was developed with the assistance of a consultant and bids were solicited which included a mandatory inspection of county facilities so bidders could properly determine the county's requirements. A total of four bids have been received which meet the requirements of the RFP.

WHEREAS, the security cameras in the Courthouse are in need of replacement, and

WHEREAS, additional cameras are being added to ensure appropriate coverage of the new security camera system, and

WHEREAS, bids were solicited for the Security Camera Project at the Courthouse with the following results:

	Base Bid
Voyager Communications LLC Cudahy, WI	\$218,360
Digi Corp, Inc. Brookfield, WI	\$88,132
Fuse Systems LLC Milwaukee, WI	\$55,400
911 Security Milwaukee, WI	\$44,000

NOW, THEREFORE, BE IT RESOLVED that Central Services Director Mark Miller may contract with 911 Security for the installation of a new security camera system at the Courthouse, subject to review and approval by the County Administrator and the Corporation Counsel, in the amount of \$44,000.

Fiscal Note: Currently there is \$48,000 in the Central Services budget for the Security Camera Project.
