Networking:

Mimecast is improving its training module for security training

Verifying the Courthouse UPS is sized correctly once we add more data closets.

MCE will complete the Fiber by the end of December

We need to move ALL Departments to eFax(Courts and Sheriffs)

The redundant fiber has been redirected to the new west side of the Courthouse.

Next is working on getting the Rath system up and running,

Installed the county's new Phone system.

Need to change port connections and data lines after the flood

We are in the process of setting up new equipment for the different departments.

Cyber security with MS-ISAC and EI-ISAC (monthly)

Off-site (airgap) backups ThinkGard would protect the county from Ransome ware and malware

Updating the firmware on all switches for Security/Reliability (in progress)

Adding more Access Points and Cameras to the courthouse and Human Services
