Clean Sweep Event Operation

This Clean Sweep was in conjunction with Walworth County Clean Sweep events. Jefferson County's responsibilities were advertising to our residents and supplying four survey takers.

Veolia Project Manager conducted a safety meeting for all staff and volunteers at 2:30 p.m. He explained the safety procedures that need to be followed at a Clean Sweep event. After he was done, Sharon explained the jobs to the survey takers.

At 3:00 p.m. everything was in place and we started putting cars through the Clean Sweep. At this time we already had five cars in line.

The results of our Clean Sweep event:

152 Participants: 19 Jefferson County Residents, 1 Racine County, 1 Rock County, 2 Waukesha County and 129 from Walworth County

We have not received the results of the surveys or cost of the event as of October 20, 2011.
