Volunteers: John Schloemer-Pharmacist, Thomas Derleth-Pharmacist, Barb Frank, Victor Karaliunas, Donna Haugom, Sheriff Paul Milbrath and Jane Larsson-DATCP, Gary L. Wilson and Damien J. Bakken

TJM Innovations, LLC: Nora Brennan, Joe Gamroth, Nathan Prom and Fred Cibik

1. Call to Order

No meeting was called to order or business conducted on April 11, 2015 at 7:30 a.m. at the Jefferson County Fair Park, 503 N. Jackson Avenue, Jefferson, WI 53549

2. Roll Call (Establish a Quorum)

Committee members present were Don Reese, Kirk Lund, Carlton Zentner, Laura Payne and Ron Buchanan. There was a quorum of Committee members, but no action was taken.

3. Certification of Compliance with the Open Meetings Law

Sharon stated that the Solid Waste/Air Quality Committee complied with open meetings law requirements.

4. Review of Agenda

No changes.

5. Clean Sweep Event Operation

Veolia Project Manager Don Szymaszek conducted a safety meeting for all Committee members, staff, and volunteers at 7:30 a.m. He explained the safety procedures that need to be followed at a Clean Sweep event. After he was done, Sharon explained the jobs to the volunteers and Committee members; jobs then were assigned.

At 7:45 a.m. everything was in place and we started putting cars through the Clean Sweep. At this time we already had a business and three cars in line.

The results of our Clean Sweep event:

232 Jefferson County Clean Sweep Participants which included 2 Dodge County residents; 173 households, 19 farms, 5 businesses, 2 paint contractors plus 33 that were not surveyed. 13 residents participated in the tire recycling.

We had 3 residents from the City of Whitewater. The City of Whitewater will be billed for their 3 residents per our MOU agreement.

We had taken 213 appointments before the event. Eight residents and one business cancelled and we also had 10 no shows. That means we had 38 drive ups.

The 5 businesses were:

Norland at Swissray, Denise Rimmer
Palmyra-Eagle School District
Midwest Plastic Products, Jeff Fish
Humane Society of Jefferson County, Lisa Patefield
OSI Fort Atkinson, Sam Orvold

These county facilities used Clean Sweep:

Jefferson County Fair Park
Jefferson County Parks
Jefferson County Highway Department

We received \$21 in donations.

The Sheriff said he took about 22 pounds of controlled drugs back to the evidence room.

The group sorted a pickup load of drugs from the Sheriff's Office plus what the Clean Sweep appointments brought in. 34 brought both meds and chemicals; 166 brought only chemicals.

We have not received the invoice from Veolia at this time so we don't know the cost or poundage of materials collected.

The tire collection was a success. We had 13 residents bring tires and we collected about 100 tires. I won't know how many tons were recycled until I receive the invoice from Liberty Tire.

[Attached is the Survey work sheet.](#)

A summary of the Latex Paint Collections:

The final count of raw recycled material TJM Innovations, LLC received was 2146 GCE (5 gallons=5 GCE, 1 gallon= 1 GCE, 1 quart= .25 GCE). Nora will let us know how much of the paint they collected will be usable or has to be dried out. She is hoping for 90% useable.

Mark said because TJM used Veolia's dumpster we had 3.44 ton of waste. At a normal Clean Sweep we have 1 to 1.5 ton of waste, so our waste cost will be higher. We also bulked more oil based paint. Mark was not sure of the percentage but estimated 30-40% more.

Veolia did all the unloading of the paint from cars and most of the separation of oil and latex, so our labor cost could be higher too.

Cars were backed up to the entrance. The most people had to wait was between 20-30 minutes. Veolia did a great job of keeping the cars moving. We had two phone calls complaining about the wait and three phone calls saying what a great service and event we held. Rob said one gentleman in line complained to him.

We will be discussing Clean Sweep at our next Solid Waste meeting June 19, 2015.

8. Adjourn

The Clean Sweep ended at 11:30 p.m. Veolia left the site at 3:00 p.m.
