8. **Program:** COVID Panel Discussion

ADRC -Waushara County Nutrition food program
coordinator-meal distribution has increases-staff in tuned
with COVID related issues. Some people have reported

not feeling well. Food distributed to some (few) people who have COVID or COVID symptoms. ADRC offering grocery delivery. Staff helps walk people through the grocery online process for individuals unfamiliar. Having trouble with finding divers willing to transport COVID positive individuals.

Waushara discussed repurposing positions to help with COVID related response. For example, zoning helped deliver meals with the influx of new people added to the food delivery program.

Jefferson County, Community Partner program. Human Service Department has taken some pressure about the mental health of people in the community. Mass testing at the fairgrounds. 900 went through the mass testing just last weekend. Every Wednesday morning they have hospital/county meetings to help navigate the supply chain and immediate needs. Planning issue around vaccine and might be something that needs be addressed now.

Sauk County-health director left last Wednesday. They are restructuring things right now. Emergency Management helping to manage right now. Human Service Director helping right now. Deputy Health Director helping as well. COVID-19 task force meets every other week. 200 active cases right now. Higher than it's been. Feels like there are mixed messages. Survey with Chamber, about what people want, for example, mask/no mask. Education is important regardless of mandate.

Dodge County has had restaurants close not because of mandate, but because they have just closed.

How has COVID affected county budgets? Hiring freeze. No lay-offs, or furloughs in Waushara. During a crisis the government needs to function well. Demand for services goes through the roof.

Columbia county-same thing as other counties, county health officer retiring. Trouble hiring county nurses.

Unintended consequences, for example county parks became more used and valued by people in the community.
