JEFFESON COUNTY DRAINAGE BOARD
Landowner Public Hearing Meeting Drain 41
Jefferson County Courthouse
Room C2063, 311 S. Center Avenue, County Board Room
Jefferson, WI 53549
October 5, 2026, 10 a.m.

1. Call to Order: Chairman Hughes called the meeting to order at 10 a.m.
2. Roll Call: All Drain Board members present.
3. Purpose of this meeting and why assessment is necessary:
   The purpose and need for assessment is to replace two 48" culverts with a single culvert. In order to replace, DATCP requires the site to be re-engineered at a cost of $9,500.00. We do not have culvert costs until engineering is complete. The Drain Board is recommending a 50 percent assessment of benefited acres, approximately $38,000.00, of which $25,000.00 will be allocated to the unknown costs of engineering and unknown design of the culvert. The balance of this assessment is for future maintenance of this drain and administrative reserve.
4. Comments and concerns of landowners:
   The discussion primarily centered around the question of some landowners not getting benefits from this district and what procedure needed to be followed to dissolve the district.
5. Vote by landowners:
   Following comments, Chairman Hughes asked for a show of hands from those in attendance who approved of the Drain Board's recommendation and those against it.
   Approval: 4; Against approval: 2
   This vote is advisory only to the Drain Board
6. Action of the Drain Board:
   Chairman Hughes stated that he was making a motion to approve the 50% assessment for total benefited acres in the amount of $68,737.63 which would generate $34,368.82. This motion was seconded by Ron Griebenow and passed unanimously by all voting members of the Drain Board.
   Chairman Hughes wanted it known that the proposed $25,000.00 drainage district improvement will provide a direct benefit exclusively to one landowner by providing access to 1.9 acres of land. Despite the total project cost, this landowner's share of the assessment will be only $108.00. This means that 99.5 percent of the culvert costs, benefiting one landowner, will be paid by all other landowners.
7. Adjourn:
   With no other business before the Drain Board on Drain #41, Cyndi Pitzner made a motion to adjourn the meeting at 10:27 a.m., seconded by Ron Griebenow and passed.

Respectfully submitted,
Peter Magnoni, Secretary Jefferson County Farm Drainage Board
