- 9) **Discussion on Hazardous Materials Spills/Billings – from 11/02/16 to 02/14/17** – Haugom stated there were no spills or billings to report.
- 10) **Discussion on implementation of Integrated Public Alert & Warning System(IPAWS)** – Haugom explained that IPAWS is in place. The county has been working with AlertSense and is in the process of creating a protocol for use of the system. There are 4 people trained in sending out messages (2 Dispatchers, Todd Lindert – Communications Supervisor and Donna Haugom – EM Director). The messages can be created through dispatch, on a computer or using a phone. When one of the authorized users creates a message it will be

sent to FEMA first for approval and once FEMA approves the message is sent out via cell towers.

**11) Discussion on Emergency Management LEAN Project** – Haberman explained that she and Haugom attended LEAN training provided by the county. This training is to be used to take current procedures and make them more efficient. Initially EM started the training as observers and then decided to use the off-site plan process as a project to be worked on. That project is in process and is currently being worked on to eventually reach the end goal of creating the plan same day as the facility visit.

**12) Updated Off-site Plans (11/02/16 to 02/14/17)** – Haberman explained that she is currently working completed the plan updates for the 2017 Plan of Work 1<sup>st</sup> half. The agenda provided information on the facilities that are currently being updated.
