**8. Discussion on planning ahead for Broadband Equity, Access, and Deployment (BEAD) Challenge Process**

Luckey shared maps created by our Highway Department showing propriety information. The map identified unserved, underserved, and fully served addresses. BEAD funding is for unserved and underserved areas. Luckey prepared postcards that could be sent out to approximately 12,000 households currently identified as fully served to conduct a survey to confirm that they are fully served or may be unserved or underserved and would then be eligible for BEAD funding. The group supports the idea of sending out postcards to collect data. Luckey will reach out to the PSC for feedback on the survey. No action taken.

**9. Discussion and possible action on Capital Projects Fund Grant and Conduit Debt**

Wehmeier explained that this grant funding was released last fall. We were awarded one grant with Bug Tussell for the Palmyra area.

Motion by Backlund/Preuss to support the grant for the Palmyra area approved by the PSC and Jefferson County's portion of \$500,000 in conduit debt. No action taken.
