| | 3. Certification of Open Meeting Notice |
| | 4. Adoption of Agenda |
| | 5. Approval of Previous Meeting Minutes |
| | 6. Reports from Visiting Legislative Officials |
| | 7. Update of County Issues – WCA |
| | 8. Program: Karl Green; UW-Extension. |
| | 9. Open Discussion of County Issues |
| | 10. Meeting Schedule |
| | 11. Next Meeting – February 16, 2025; Juneau County |
| | 12. Adjourn |
| | Mailing Address UW-Extension,127 E Oak Street, Juneau, WI 53039 |

Intercounty Coordinating Committee Adams, Columbia, Dodge, Green Lake, Jefferson, Juneau, Marquette, Sauk, Waushara October 20, 2025 Minutes Green Lake County Government Center

Call to Order by Chair McCumber at 9:30 a.m. Sign in sheet was shared. Those in attendance were: David Abendroth, Harley Reabe and Jason Jerome (Green Lake); Tim McCumber and Bryant Hazard (Sauk); John Jarvis (Waushara); Cynthia Haggard (Adams); Tess Carr, Darren Schroeder, and Doug Richmond (Columbia); Steve Nass (Jefferson); Dave Frohling (Dodge); Chelsea Shanks (WCA); Pat Wagner and Karl Green (Extension UW-Madison)

Pledge of Allegiance led by David Abendroth, Green Lake Co. host.

Certification of Open Meeting Notice was acknowledged by Chair McCumber. Announcement that Tammie Jaeger will be retiring in November, 2025.

Adoption of Agenda – Motion by D. Abendroth (Green Lake) and second by H. Reabe (Green Lake) to adopt the agenda to include ICC planning for the end of 2025 through 2026 by Karl Green. Motion carried and adopted agenda was approved.

Approval of Previous Meeting Minutes – Motion by H.Reabe to approve minutes with correction to Dave Abendroth name spelling. Second by D. Abendroth. Motion carried.

Reports from Visiting Legislative Officials – None.

Update of County Issues – WCA – Chelsea Shanks, Wisconsin Counties Association, presented recent work being completed by members of the WCA team. Shanks discussed work being done on termination of parental rights; video recording in residential facilities; juvenile residential rates; SNAP funding (puts SNAP or FoodShare at risk–there may be ISF situation–Chelsea will send numbers to counties with impact that may happen); circuit courts funding (Marcie from WCA); land use/Ag/transportation/housing (Collin from WCA); AB559 - alternate energy. Lots of discussion.

Program: Karl Green, Local Government Education Program Area in UW Madison Division of Education, facilitated discussion of topics for future ICC programs. Each person attending shared top 3 issues they would like to see discussed in the coming year. Issues identified included affordable housing/ low income housing; mitigation of solar, wind, data centers, via JDAs; avian flu mitigation; economic development/ renewable development; highway funding/transportation funding; renewable development; population growth; and more. See Karl Green's notes attached.

Open Discussion of County Issues – county issues were discussed during ideas generation with Karl Green.

Next Meeting – December 15, 2025; Jefferson County, Topic Schedule through 2026.

Motion to adjourn was made by D. Frohling and second by David Abendroth. Meeting Adjourned.

ICC County Issues 2025

County Development Incentives (5)

Mitigation of impacts of Data Centers, Solar and Wind through Joint Development Agreements (3)

Highway Funding/Transportation funding (3)

Constitutional Officers – relation with County Board (3)

Affordable Housing/Low Income Housing (2)

Agricultural Land Use, maintaining Agricultural Space (2)

Use of Opioid Funds (2)

Economic Development (1)

Levy Limits & Budgeting within Levy Limits (1)

Other submissions: Transportation funding, County committee interaction, Wind regulations, Economic development (job opportunities), Affordable Family Housing, Transportation-access, economic development, affordable housing, highway funding, solar regulations, Avian flu mitigation, Childcare, housing, Educate public & local leaders about the impact of amenities (quality of life), Levy Limits, Land Use (balancing protecting farmland/growth), Use of Opioid funds, low income housing shortage, childcare shortage, economic development, Economic Development models/practices Capital Planning Models, County Development Incentives (best practices), population growth, energy growth taking farm land, EDC, Renewable development (and/or data storage facility) joint development agreements, constitutional officer/county board relationship, highway funding.

Understanding The County Property Tax System

ICC

December 2025

Expenses – Revenues = Levy

- 2025 Total proposed Budget expenses
- \$74,552,910

- Total proposed 2025 revenues:
- \$52,087,326

Total Levy: \$22,465,584

Total Operating Levy: \$12,256,436

Total Debt Levy: \$10,209,148

2025 NNC: 2.241% (\$158,159)

5

Tax Rate

<u>Tax Rate</u> = the rate necessary to raise sufficient money from the property tax to meet the levy

(Total Levy ÷ Total Assessed Value of the Municipality)

Mill Rate = tax rate expressed in terms of dollars per thousand

<u>Assessed Value</u> = the value the local assessor places on each real property parcel and on each individual's taxable personal property - this value determines what portion of the local property tax levy is covered by each property owner

See Wisconsin DOR: Guide for Property Owners - https://www.revenue.wi.gov/DOR%20Publications/pb060.pdf

What are Levy Limits?

Under current law, no political subdivision may increase its tax levy by a percentage that exceeds the unit's "valuation factor." (Net New Construction)

- Valuation Factor = the greater of...
 - The percentage change in equalized value due to net new construction, OR
 - Zero %
- Potential valuation factor changes:
 - Transferring responsibility for providing a service
 - Annexations
 - Debt Service

See Wis. Stats. 66.0602(2),

7

How do Levy Limits relate to Net New Construction?

- Levy limits are the maximum amount a town, village, city and county
 may implement as a property tax levy on parcels within their
 boundaries. A levy may only be increased by the amount of Net New
 Construction experienced, unless authorized through referendum*
- Net New Construction is an annualized number representing all new construct, less any valuation that existed prior to new construction (ex. \$200,000 House torn down, \$2,000,000 Kwik trip developed, NNC = \$1,800,000), compared to taxing jurisdiction's equalized valuation
- Net new construction isn't impacted by appreciation in the tax base

Levy = Expenses - Revenues

Levy Limit Exceptions

- 1. The amount that a county levies in that year for a county children with disabilities education board.
- 2. The amount that a 1st class city levies in that year for school purposes.
- 3. The amount that a county levies in that year under s. 82.08 (2) for bridge and culvert construction and repair.
- 4. The amount that a county levies in that year to make payments to public libraries under s. 43.12.
- **5.** The amount that a political subdivision levies in that year to make up any revenue shortfall for the debt service on a revenue bond issued under s. <u>66.0621</u> by the political subdivision or by a joint fire department if the joint fire department uses the proceeds of the bond to pay for a fire station and assesses the political subdivision for its share of that debt, under an agreement entered into under s. <u>66.0301</u>, which is incurred by the joint fire department but is the responsibility of the political subdivision.
- 6. The amount that a county levies in that year for a countywide emergency medical system.
- 7. The amount that a village levies in that year for police protection services, but this subdivision applies only to a village's levy for the year immediately after the year in which the village changes from town status and incorporates as a village, and only if the town did not have a police force.
- 8. The amount that a political subdivision levies in that year to pay the unreimbursed expenses related to an emergency declared under s. 323.10, including any amounts levied in that year to replenish cash reserves that were used to pay any unreimbursed expenses related to that emergency. A levy under this subdivision that relates to a particular emergency initially shall be imposed in the year in which the emergency is declared or in the following year.
- 9. The political subdivision's share of any refund or rescission determined by the department of revenue and certified under s. 74.41 (5).

Who else contributes to your tax bill?

- State
- County
- Technical College District
- School Districts
- Lake Districts

- Sanitary or Sewer Districts
- Storm Water Districts
- School Levy Tax Credit
- Referendum Data

What is the difference between Equalized Value & Assessed Value

- Assessed value is the value determined by your municipal assessor for your property including land and improvements
- Equalized Value is the Full (market) value determined by the WDOR for an entire taxing jurisdiction (based on annual arm's length sales)
- Average Assessment Ratio is the ratio:

<u>Total Assessed Value</u>
Total Full Value (Equalized Value)

| Local Government | t Services | | Summary of 2024 Aggregate Ratios | | Date: 12/16/2024 Time: 11:43:06 AM |

What is Apportionment? Date: 07/26/2022 Page 76 of 196 LA CROSSE County The distribution of tax base of a multi-jurisdictional service area (County, Tech College, School 82,195,500 District) Barre 163,162,500 .012643208 Barre Burns Campbell Farmington Greenfield Hamilton Holland 128,208,300 .009934661 Based on Equalized values 481,173,200 234,084,500 .037285361 018138843 Once County levy is apportioned, it is spread Medary Onalaska between taxpayers based on .064716332 Shelby .049047239 individual property's Washington .004859292 "Assessed Value" Town Total If one taxpayers assessment .009019368 Holmen percentage is lower than Rockland West Salem .003766473 another, they get a .131235626 Village Total reduction (compared to 4,593,979,200 .355980289 other local taxpayers) Onalaska 7,194,227,200 .557469454 County Total 12,905,150,500 Extension

15

Apportionment

- Apportioning the amount each municipality pays of a multi-jurisdictional taxing authority (ex. County)
- Equalized Value (not assessed value) used for each municipality
 - · Why?
 - What would happen if they used the assessed value?
 - Municipalities with a low assessment ratio would get a break on County taxes, School District taxes, Technical College taxes, WDNR taxes, Etc.
 - Without Equalization, there would exist a moral hazard for municipality to keep the assessment ratio low
- Once your community's apportionment of levy for (County) is determined, the amount of tax your property pays compared to your neighbors is determined by the individual assessed value (not Est. Fair Market)

Mill Rate Formula

Total taxes collected (Tax Levy) divided by Total Tax Base (Assessed Value) = Mill Rate (for a dollar value multiply by 1,000)

Example:

\$1,727,462 (Tax Levy) \$719,614,100 (Assessed Value)

= .0024005394

Multiply .0024005394 x 1,000 = \$2.400 (\$2.40)

- This process is done for each taxing entity in your municipality
- Each jurisdiction's Mill Rate is added together for the Total Mill Rate to levy for tax collection

17

Tax Levy Apportionment

- Think of each taxing jurisdiction as its own municipality. In essence, the apportionment is the proportion of "mill rate" assigned to each municipality in the jurisdiction.
 - Equalized Value (EV) vs. Assessed Value
 - Equalized Value (State derived)
 - Assessed Value (locally determined)
- County Levy
 - Total Levy * Equalized Value of local municipality/the EV of the county's total Equalized Value (apportionment)
- Technical College District Levy
 - Total Levy * Equalized Value of local municipality/the EV of the Technical College's jurisdiction's total Equalized Value (apportionment)
- School District Levy
 - Total EV divided by the % of the value of the district in the municipality (apportionment)
