

Mental Health Professional - FCT

Explore. Thrive. Belong.

Jefferson County is the Heart of the Heartland. We offer the best of Wisconsin living with safe, family oriented, vibrant business and civic communities surrounded by picturesque farmland. Jefferson County is proud of our small-town living options and easy access to major urban centers.

WHAT YOU WILL DO

The CCS team seeks a passionate leader and consumer focused Mental Health Professional that will provide oversight, support, guidance, and day to day clinical supervision of CCS Family Centered Treatment Psychotherapists as outlined by the evidence-based Family Centered Treatment model, and carry a small case load as well.

SOME ESSENTIAL RESPONSIBILITIES

You will be successful in this role by completing the following tasks and responsibilities:

- Provides oversight, support, guidance, and day to day clinical supervision of CCS Family Centered Treatment Psychotherapists. Available and accessible for staffing consumers and their families to determine plans of action to decrease risk to self or others. Provides leadership and teaming for alternatives to ensure health and safety of consumers to avoid hospitalizations, out-of-home placement and respite care while taking into consideration fiscal responsibility.
- Trains and mentors new staff to the CCS program.
- Provides clinical direction and supervision, documents supervision time, and authorizes all CCS and Family Centered Treatment Services. Assures fidelity to evidence-based practices, and determines eligibility for services. Provides authorization of services which include: reviews and attests to the consumer's need for psychosocial rehabilitation services and medical and supportive activities to address the desired recovery goals; assures that a statement authorizing the services under the standards set forth is provided and filed in the consumer record; and instructs staff how to deliver prescribed services by example, instruction, and coaching.
- Oversees clinicians who perform psycho-social assessments, suicide and violence risk assessments, evaluates safety to self and others through clinical interview and develops safety plans with the consumer to meet their safety needs in order to reduce hospitalizations and provide services to the consumer in the least restrictive environment.
- Variety of other important tasks provided on the posted job description

Requirements:

Master's Degree in Social Work, Counseling and/or marriage and family therapy, and a minimum of three to five-years' related clinical experience.

- The FCT Supervisor will complete all relevant training and make consistent progress toward achieving the FCT Supervisor Certification from Family Centered Treatment Foundation (FCTF).
- In addition to online-based training and required readings, the certification process requires videotaped demonstration of competencies in supervising FCT Clinicians.
- Once certified, the FCT Supervisor will complete all activities necessary to maintain certification from FCTF including all recertification requirements every two years.
- Licensed Clinical Social Worker (LCSW), Licensed Professional Counselor (LPC) and/or Licensed Marriage and Family Therapist (LMFT)

Preferred Requirements:

Master's Degree in Social Work, Counseling and/or marriage and family therapy, and a minimum of five-years' related clinical experience.

- Knowledge or/experience with providing Family Centered Treatment, Dialectical Behavior Therapy, Cognitive Behavioral Therapy, Motivational Interviewing and Trauma Informed Care.
- Trauma Informed Care trained
